# Snow & Ice Removal

***Delta Township is a great place to live, work,  
and do business!***

## **Please keep Delta Township sidewalks clear of snow and ice this winter!**

The winter weather has arrived! Please make arrangements to clear the snow and ice from sidewalks adjacent to your property. Even if you are away when weather strikes, you are still responsible for making sure the walks are cleared. Failure to do so can result in a civil infraction citation (ticket) and fines.

Delta Township has regulations (Article IV sect.15.5-88) that require the removal of snow and ice on any sidewalk within 24 hours after the snow has fallen or ice has formed. No one may permit snow and ice to accumulate more than two (2) inches on a sidewalk adjacent to their property. It does not matter if the property is occupied or not, any adjacent sidewalk must be cleared.

If you have a hardship and need help meeting your responsibility as a property owner, you may call the region's Community Service Helpline (dial 211) or Christo Rey Community Center 372-4700 to learn about their assistance programs. Sometimes area students volunteer to assist those in need, so you may also contact Delta Township Engineering Department (517-323-8540) for more information.

## **Please consider using a local firm to meet your snow removal needs!**

There are many Delta Township area businesses that offer snow removal services. See the back of this sheet for a current list of some firms you can contact about snow removal services. Please make arrangements to keep the sidewalks in Delta Township clear of snow and ice this winter!

*The Township does not endorse or guarantee businesses or services, but we do encourage you to support our local economy. Businesses that wish to be added to the list of snow removal services providers may provide their contact information to the Township Managers' office.*

## **WINTER 2010-2011 AREA FIRMS OFFERING SNOW REMOVAL SERVICES**
